

CORNER 77

VENUE HIRE

Corner 77 is a 2000 sq ft bar in a prominent location on Stokes Croft. It is a dual aspect site with large windows fronting onto both Stokes Croft and Jamaica Street. The location benefits from a high footfall and the area was recently named in the top ten hippest areas in the county. It makes a perfect location for promotional events or to raise your profile in this dynamic and creative area of Bristol.

The site has a large trading area with options for covers of between 50-85, there is a commercial kitchen featuring amongst other kit, fryers, chargrill, plancha and combination oven and there is a well-stocked bar and coffee machine. All hire options are 'wet' hire meaning only drinks bought over the bar can be consumed on site.
